WORK EXPERIENCE

Oktogon Labs

CURRENT

Lisboa, Portugal · Hybrid · Part-time

AI Product Builder

Jan 2026 – Present

1-year contract · AI & GTM

- Design and ship internal tools and AI-powered workflows accelerating go-to-market across sales, marketing, and product.
- Support external AI consulting & delivery — scoping solutions, building client-facing automations, dashboards, and custom systems.
- Rapidly prototype micro-apps in the Oktogon Product Studio using AI-assisted dev (Cursor, Gemini, Replit).
- Analyse performance data to drive GTM decisions; embed new AI tech into core products and client solutions.

Digital Operations Engineer (Junior)

Sep – Dec 2025

4 months

- Engineered and optimised GTM operations via tooling and automated data-driven workflows.
- Implemented client-facing automations, dashboards, and systems for AI consulting projects.
- Prototyped micro-apps and analysed performance data to inform GTM strategy.

Surf Clube da Madeira

CURRENT

Madeira, Portugal

Product Manager

Jul 2023 – Present

Current

- Lead product strategy and digital roadmap for the club's operations and online presence.
- Developed and implemented a custom ERP system to streamline operations and enable data-driven decisions.
- Secured external partnerships, managed social projects, and applied for EU funding.
- Manage website, customer support, scheduling, and overall digital content.

Surf Association — Autonomous Region of Madeira

Funchal, Madeira

Management Trainee

Nov 2021 – Oct 2022

- Built and managed WordPress website, social channels, and event logistics.
- Handled administrative management and digital communications.

Portuguese Olympic Committee (COP)

Lisbon, Portugal

Intern — Department of Studies & Projects

Feb – Jun 2021

- Elaborated a Strategic Plan proposal for the Olympic Education Programme.
- Formulated a sponsorship proposal for the 'Sports Science Awards' event.
